COM / COL FORM

Check with Customer Service to ascertain if your COM/COL is required to be submitted for testing prior to submission for upholstery.

For fabrics with less than 54" width, or repeat patterns over 4" please apply the following yardage requirements:

49"- 52" wide add 10%	Repeat 4"-9" add 15%
44"- 48" wide add 15%	Repeat 10"- 13" add 20%
	Repeat 14"- 20" add 25%

If special placement of COM is required (e.g. matching of stripes on seat and back, centering of a design motif) please submit a memo sample and design sketch for COM calculation purposes. Additional fabric and a surcharge for labor may be required.

COM/COL SPECIFYING PROCESS

Many fabrics have intricate patterns and not all individuals will interpret fabric direction in the same manner.

Dauphin cuts fabrics off the roll as shown in the drawing labeled Standard Process. The COM requirements listed for each chair are based on this cutting method. Directional or patterned fabrics may often require more yardage than solid colors.

Lounge Chair fabric and leather will appear loose with comfort wrinkles when upholstered and over time. Leather upholstery will usually require additional sewing seams.

Upholstery is standard off the roll. All COM/COL is subject to final approval by Dauphin upon receipt of samples.

Send samples and a copy of this form to:
